## Weekly Picks From the Band

### Book of the Week

[To Kill A Mockingbird](#) by Harper Lee is a Pulitzer Prize-winning novel published in 1960. Instantly successful and a classic of modern American literature, the plot and characters are loosely based on the author's observations of her family and neighbors, as well as on an event that occurred near her hometown in 1936, when she was 10 years old. The novel is renowned for its warmth and humor, despite dealing with serious issues of rape and racial inequality.

### Movie of the Week

[The Outsiders](#) is a 1983 American drama film directed by Francis Ford Coppola, an adaptation of the 1967 novel of the same name by S. E. Hinton. Jo Ellen Misakian, a librarian at Lone Star Elementary School in Fresno, California, and her students inspired Coppola to make the film. The story describes a gang conflict in Tulsa, Oklahoma, between the Socs, rich bullies from Tulsa's affluent Eastside neighborhood, and the Greasers, boys from poor families who live on the west side of the railroad tracks.

### Album of the Week

[Bob Dylan - Blonde On Blonde](#) is the seventh studio album from the American singer-songwriter, released May 1966. The album is believed to be the first significant double album in rock music, its length forcing it to two LPs. It is notable for injecting Dylan's brand of blues rock, fully established on Highway 61 Revisited, with a
